

# Nitrate Water Testing Clinic Survey @ Morrison SWCD

The Minnesota Department of Agriculture appreciates you taking the time to answer a few questions about your well. These questions will help in the analysis of your nitrate results and will also provide information as to general well water quality across Minnesota. Your name, addresses, telephone numbers, and e-mail addresses are considered private under Minnesota Statutes Chapter 13. Only data from sample results and general location data are considered public. If you don't know an answer to a question, skip it and go on to the next question.
